New audio conferencing equipment available to all faculty and staff Just call and reserve !!! (5478)

**SoundStation.
The World's Best-Selling
Audioconferencing System.**

TESS has recently acquired, "Sound Station," a full duplex audio conferencing phone system. This equipment allows the instructor to bring a remote resource person into the class discussion with just a phone call. The "Sound Station" provides high quality sound and microphone pickup for an entire classroom. The Sound Station is available for checkout by contacting Kay Shireman at 5478.
